PROFESSIONAL SUMMARY

Front-End Developer with 5+ years of experience building production web applications with React, Next.js, TypeScript, Redux Toolkit, and modern UI systems. Experienced in scalable dashboards, admin panels, booking flows, real-time interfaces, and API-driven products across travel, fintech, crypto, AI, and e-commerce. Strong focus on clean architecture, performance, responsive UI, localization, and maintainable front-end code.

PROFESSIONAL EXPERIENCE

Senior Front-End Engineer | Ipek Yolu Araz (GoToSafar)

Full-time - Hybrid | "Tabriz, Iran" | May 2023 - Present (Current Role)

- Primary front-end developer for GoToSafar's booking platform, admin panel, GoToCruise, and white-label partner products.
- Built scalable React/Next.js interfaces for flights, hotels, cruises, car rental, transfers, tours, visa, and related travel flows.
- Developed reusable front-end architecture for multi-tenant, multi-language, and multi-currency products from a shared codebase.
- Improved performance, state management, localization, and API integration across production booking and admin features.
- Collaborated with backend and product teams to ship features from planning and UI implementation through release.

Tech: React.js, Next.js, TypeScript, Redux Toolkit, Tailwind CSS, Bootstrap, i18n, Axios, PWA, GA4

Front-End Developer | Mahan Pardakht / Negin Fannavar Arta

Full-time - Hybrid | "Tabriz, Iran" | January 2022 - April 2023

- Built and maintained React/Next.js interfaces for fintech, crypto, gold trading, AI, security, and business platforms.
- Developed real-time trading dashboards, wallet/payment UIs, KYC/account flows, and admin interfaces using REST APIs and WebSocket updates.
- Contributed to crypto and trading products with 200+ coin support, live price feeds, wallet operations, and transaction tracking.
- Delivered responsive UI and reusable components across multiple products while improving usability, performance, and maintainability.

Tech: React.js, Next.js, TypeScript, Redux Toolkit, Axios, WebSocket, Sass, PWA

SKILLS

Front-End:

- React.js
- Next.js
- TypeScript
- JavaScript
- Redux Toolkit
- Tailwind CSS
- Sass
- Bootstrap

APIs & Data:

- REST
- GraphQL
- Axios
- WebSocket
- i18n
